Internship Certificate

Berlin, 16.10.2026

Jacob Brugier completed an internship at our company, **Paintbucket Games UG**, from **May 4, 2026, to August 31, 2026**. His weekly workload was 40 hours, and he did not miss a single day.

Paintbucket Games is an independent game developer specializing in politically relevant video games and based at the indie games collective “Saftladen.”

Jacob Brugier did his internship with us in the “**Game Programming and Technical QA**” department. He consistently fulfilled all tasks assigned to him to our complete satisfaction.

He worked on the “SOKO 1977” project, a historical-political deduction game with roguelike elements, developed using the Unity engine. Here, he was entrusted with the following development tasks:

- Coding and implementing “Cell”- introduction and a daily briefing screen
- Developing and maintain an End-of-run evaluation screen
- Creating a Profile completeness measure system and operation gating
- Implementing Threat and reputation indicators
- Implement Officer XP, levelling, health, status effects
- Implement Undo/redo & reset in the profiling tool (incl. full rewrite)
- Implement Dialogue portraits
- Maintain Localisation, signage, tooltips, pop-ups, clock and opening flow
- Implement Developer cheats and QA tooling

Jacob Brugier got along very well with his contacts and always treated them with his friendly, open, and courteous manner. Jacob Brugier consistently demonstrated an exemplary level of professionalism and friendliness toward both his supervisors and colleagues.

We are thoroughly impressed with Jacob Brugier's work in every respect and can recommend him without reservation.

Please feel free to contact me if you have any questions

Sincerely,

PAINTBUCKET GAMES UG
(haftungsbeschränkt)
